

# LTYC Super Bulky Cowl

by Kelly Hechinger, Lake Tahoe Yarn Company  
*with additional notes for MKG Community Projects*

## Materials:

1 skein/ball super bulky (2 sts per inch), *at least 70 yards*  
US #15 16" circular needle  
tapestry needle

## Directions:

Cast on 53 sts.

Join in round being careful not to twist. No marker is needed.

K3, P3 around and around.

Leave just enough yarn to cast off purlwise, *about 4 yards*.

*If you are using a yarn cake, you can measure off 4 yards at the end of the yarn before casting on and make a knot. Knit until you get to the knot.*

If you are using a Madison Knitters' Guild Ready-to-Knit kit, please return the bag for re-use.

Thank you for knitting for others.
