

Bamboo Rib Hat – Two Ways

DESIGNED BY Laura Simdon & Ada Lai

This hat can be knit with worsted weight yarn and any size needle that gives you a fabric you like with your yarn. There are two variations on the stitch pattern.

This hat pattern matches up nicely with the Bamboo Rib Scarf. The hat and scarf make a beautiful warm winter set for a lucky recipient.

So, grab some yarn and needles and knit a hat, scarf, or hat-&-scarf set for Community Projects!!

- Size equivalents for this pattern: Small = Child small; Medium = Child Large or Adult Small; Large = Adult Medium; XL = Adult Large
- Any size needle can be used. You can use the needle size recommended on the yarn band, or the size you would generally use with that yarn. You decide what kind of fabric you want for this hat. Gauge is not important. *However*, see the next item regarding the needle size selection for the hat.
- If you are knitting a hat-&-scarf set, you may want to use a slightly smaller needle for the hat. This will create a knit with a
